Launch

A Rocketry Adventure

HIGH POWER ROCKETRY

The NAR is high power rocketry! By joining the NAR, we can show you how to get your Level 1 (H and I motors), Level 2 (J, K and L motors), and even Level 3 (M, N, and O motors). Become certified to fly the big stuff!

LOCAL ROCKET CLUBS

There is no need to fly alone! The NAR has 100's of clubs across the country. Most clubs have proven rocketry experts that can help you fly better, higher, and faster. It's a great way to make friends with people who are fellow rocket enthusiasts.

SPORT ROCKETRY

Sport Rocketry is the magazine of choice for modelers of all ages. It has remarkably informative "How To" articles, rocket plans, product reviews, and electrifying launch coverage. 48 pages, 6 issues per year.

AMERICAN ROCKET CHALLENGE

ARC is a school-based rocketry competition. 100's of teams from schools across the nation compete locally and then nationally in Manassas, VA for trophies and awards. \$100,000 worth of scholarships are awarded!
